

Join us for...

Trout in the Classroom and **Project WILD Aquatic** Educator Trainings

Saturday, March 13th, 2010
Tahoe City Historic Fish Hatchery
2400 Lake Forest Rd.

Trout in the Classroom Training, 9am – 12pm, FREE

Break for lunch; pack your own if attending both trainings!

Project WILD Aquatic Educator Training, 1pm – 5pm, \$15

Trout in the Classroom connects students and community members to their native trout and local watersheds through a multi-faceted service learning project.

Learn...

- **How to set up tanks and 'grow' trout in your classroom**
- **Information on trout reintroduction and release timing**
- **About available classroom support to implement this project**

Some funding available for tanks & coolers

To sign up for TIC Training, or for more information contact SWEPE Project Director:
missybmohler@yahoo.com or call at 530-583-1430

Project WILD Aquatic is an award-winning environmental education program focusing on aquatic wildlife and ecosystems.

Become a certified Project WILD Aquatic Educator!

Registration cost of \$15 is for the curriculum guide, which includes:

- **Interdisciplinary and hands-on activities for grades K-12**
- **Background, methods, materials, and extensions for each activity**
- **Meets California State Content standards**
- **Perfect compliment to Trout in the Classroom**
